

Representative Tom McMillan

Chair\House Committee on Oversight, Reform and Ethics

April 7, 2011

The Eaton County Parks Commission, in their monthly meeting on April 6, passed a resolution to oppose House Bill 4453, "A bill to prohibit governmental entities from commercially competing against the private sector' and to provide for remedies and penalties".

The rationale of the position is that the prohibition would severely cripple, dismantle and complicate the concessionaire services of traditional park and recreation agencies. Thank you for the opportunity to express our concerns.
